Ashisoft Duplicate Photos Finder 1.4.4.0 Multilingual + Medicine free download (Vista,.1) Field of the Invention The present invention relates to a package for an infrared detecting element which is mounted on a television image pickup tube or the like. 2) Description of the Related Art An infrared detecting element and a package for an infrared detecting element are well known. For example, an infrared detecting element is disclosed in Japanese Unexamined Patent Application No. 62-120727. In order to prevent light reflected from a package for an infrared detecting element from entering the surface of the infrared detecting element, an infrared detecting element in which a light blocking film or a film with a light absorption layer is adhered
